Union Territory Government Links

IGOD-only working master document | 22 October 2026

Requested record format: Portal / Service Name; Official Website URL; Government Level; Jurisdiction or State name; Category; Ministry or Department Name; Key Uses / Services (separated by ;); Portal Description.

Important scope and completeness note

Source restriction: Only the Integrated Government Online Directory (IGOD) at igod.gov.in was used as the source for listed names, category labels, and displayed website hosts. No third-party directories were used to fill missing records.

Completeness limitation: This is the most complete working extract I could assemble from IGOD pages accessible in this session, but it cannot honestly be certified as every link in IGOD. Some category pages timed out, some category pages expose only a page of results, and several IGOD entries have names but no externally linked website in the readable listing. Those unlinked entries are not represented as website URLs here. The counts in this file therefore describe this extract, not the total IGOD database.

URL handling: Where IGOD exposed only the hostname in its link label, the URL is written as that host's HTTPS homepage root. This does not imply that every page was independently tested or that every host root is a deeper service URL.

Description fields: IGOD listings generally provide a title and website link, not a detailed "uses" paragraph. Key Uses / Services are conservative title-based summaries; Portal Description states the IGOD category and whether IGOD itself supplies extra narrative.

Union Territories covered

- Andaman and Nicobar Islands — 35 records
- Chandigarh — 34 records
- Dadra and Nagar Haveli and Daman and Diu — 25 records
- Delhi — 53 records
- Jammu and Kashmir — 16 records
- Ladakh — 38 records
- Lakshadweep — 9 records
- Puducherry — 43 records

Total records in this extract: 253. This count is not an assertion that the IGOD directory contains only this many Union Territory links.
